

This special League newsletter supplement was added to the webpage library for September 2017. This includes information for our guest series speakers who will join the NIHL Board of Directors to discuss current topics in depth along with question and answer discussion. These will be centered for topics expected to be beneficial for our **Historic Preservation/Historic Preservation Commission** partners. In the event of high demand, the League teleconference line has a capacity of 100 total guest connections of all types, i.e. Board members, guest speakers, and dialin guests.

My regrets that more lead-time could not be provided to the wider NIHL audience before this announcement for the September 26 presentations. We will strive to provide more lead time in the future, but this is a process that involves coordination with several parties. Schedule changes may need to take place up to and including the time of the meeting.

Contact the Northern Illinois Historic League (NIHL) office at [bill@ni-hl.org](mailto:bill@ni-hl.org) if you are interested in joining us at an upcoming Board meeting as one of our guests to hear these presentations. I will provide dialin instructions at that time as part of the enrollment process. The guest segments are Open House format, with freedom to enter and exit as needed. Guests are invited to continue to stay on the line for the regular portion of the NIHL Board of Director business meeting and may ask to speak with the Board at the conclusion of regular business. Feel free to pass this invitation to others who may benefit, but any other parties will still need to enroll with the NIHL before receiving dialin instructions.
